

ASSESSMENT TERM VISUALIZER

Here is a visualization of how assessment terms are cumulatively formulated and how they show up on the report card.

The time lines indicate the start and end of the terms. As you can see, each term includes assessments back to the start date of the course, thus marks are cumulative from day one as per Manitoba Education's policy.

Comments:							

If you have a Grade 7/8 Human Eco or Tech Ed course in Semester 1, you would enter T1 and T2 marks. As T2 would also be the final reporting period, you would copy the same marks and comments into T3 to show up on the June report card.

If you have a Grade 7/8 Human Eco or Tech Ed course in Semester 2, you would enter T2 and T3 marks only, as the course never occurred in T1.
